

# SALEEN MUSTANG

A NEW BREED OF PERFORMANCE

SALEEN LOCATING SERVICE

## A NEW STANDARD IN HIGH-PERFORMANCE DRIVING.

The Saleen Mustang is a "special edition" high-performance automobile designed and engineered for a select group of driving enthusiasts. It reflects a high level of overall refinement in performance, handling, ergonomics, and styling that redefines the concept of a total performance automobile. As *Motor Trend Magazine* recently stated: "We think it's the best Mustang, if not pony car, a person can buy."

And, with the Saleen Mustang's recent showroom stock/GT class racing victory—the first ever for a Ford—you know you're buying a car that will go the distance.

Four-wheel disc brakes, 5 lug bolt pattern

electronic fuel injection, tubular exhaust headers, roller lifter camshaft; 225 bhp and a monumental 300 ft/lbs of torque.

With a heavy-duty Borg-Warner T-5 five-speed gearbox, it is a powertrain certified and used for high-speed police pursuit work in several states. Test results by those agencies show 0-60 mph in six seconds with a top speed capability of more than 140. As *Autoweek Magazine* recently stated: "Crank it up, and what you have is a car that'll blow just about everything else off into the weeds."

## SUSPENSION THAT'S RACE-TRACK TESTED.

Based on years of successful and innovative racing programs,

Saleen Autosport transforms the suspension system to include firmer springs, stiffer front anti-roll bar and urethane bushings. All six shock absorbers are Koni adjustables. There are two additional chassis crossmembers to inhibit flex and enhance response. Wide five lug 16 X 7.0-inch front, and 16 X 8.0-inch rear SALEEN/AMERICAN RACING alloy wheels mount General Tire's XP 2000V ultra-performance P225/50 VR-16 radials. All chassis alignments and settings are specifically calibrated and tuned for the most demanding, high-performance driving. Ford SVO four-wheel disc brakes are a standard feature on all Saleen Mustangs.

Tested at the track, it has generated lateral acceleration above 0.88 g, and demonstrated incredible race car-like performance and feel—all while maintaining a level of refinement appropriate for grand touring. *Road & Track Magazine* verifies the Saleen Mustang's handling characteristics: "Improved agility, a suspension that's firm but not excessively so, terrific ultimate grip and improved off-the-line acceleration."

## AERODYNAMICS ENHANCES PERFORMANCE.

The Saleen Mustang's assertive looking exterior is designed to maximize performance. In front, an

## PROVEN FORD POWERTRAIN

Unmistakably, the Saleen Mustang's high-performance Ford lineage is clear. Its foundation is the 20-year tested, developed and thoroughly reliable Ford Mustang engine and driveline: 302 CID V8,

Saleen electronic tachometer and 170 MPH speedometer

Saleen Edition FLOFIT sport seats

### INTERIOR REFINEMENTS COMPLETE THE PICTURE.

The Saleen Mustang's specially designed interior provides owners with a high level of craftsmanship and refinement. Articulated FloFit sport seats offer proper support with optimum comfort, while a left side foot rest helps maintain maximum driving control. There's a Hurst quick ratio shifter, topped with a leather shift knob, and an exquisite Momo-design leather covered steering wheel.

Individualized instrumentation includes a Saleen tach and 170-mph speedometer. A Kenwood KRC 5001 cassette/radio with 6 speakers, 80 watts, 4 channels, with a Kenwood graphic equalizer and an Escort radar warning receiver add to the car's convenience features. A numbered, etched

plaque attests to its Special Edition status. And for the new owner, a Saleen Autosport jacket completes the high-performance picture.

### PERFORMANCE IN THE HANDS OF A FEW.

The Saleen Mustang is a genuine, high-performance car for serious drivers of discerning tastes and demanding requirements. It has a unique balance of characteristics. Race car-like performance and feel. A high level of refinement. Craftsmanship and attention to detail. Proven Ford reliability backed by a full factory warranty. Aerodynamically effective styling. And, the best performance value-for-the money available today. The Saleen Mustang: Selling at selected Ford dealerships throughout the country.

aerodynamically effective urethane airdam is completely integrated into the nose to smooth airflow. A rear wing spoiler balances front-to-rear aerodynamic forces. An advanced rear valance controls undercar airflow. Subtle urethane side skirts tie front and rear together. Each of these features is based on concepts developed on the highest performing racing

machinery, then executed to the most stringent quality standards. Bold side stripes complement both color choice and exterior design and clearly distinguish it as a Special Edition Saleen Mustang.
